

# Registering with Tap and Pay

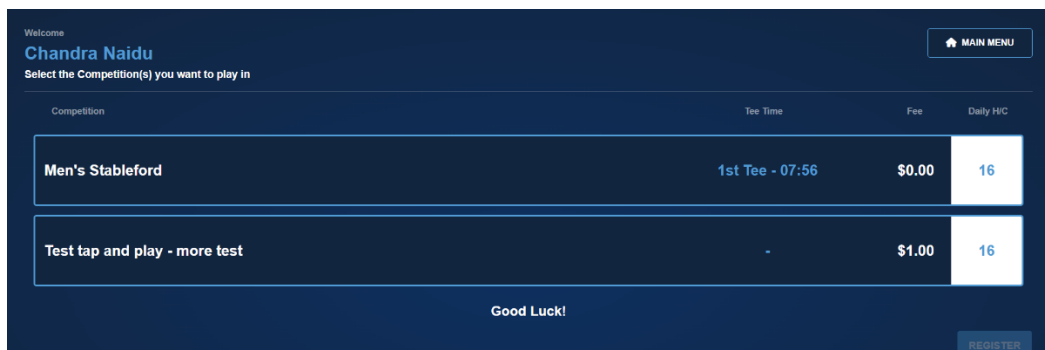

Dear Members,

The Tap and Pay system has now been implemented. When registering for a competition, members will now have to pay the competition fees using the Tap system. Members will only be charged \$3 as the club will pay the 1.6% transaction fee.

When you sign in for your competition, a similar screen will appear with a \$3 competition fee.

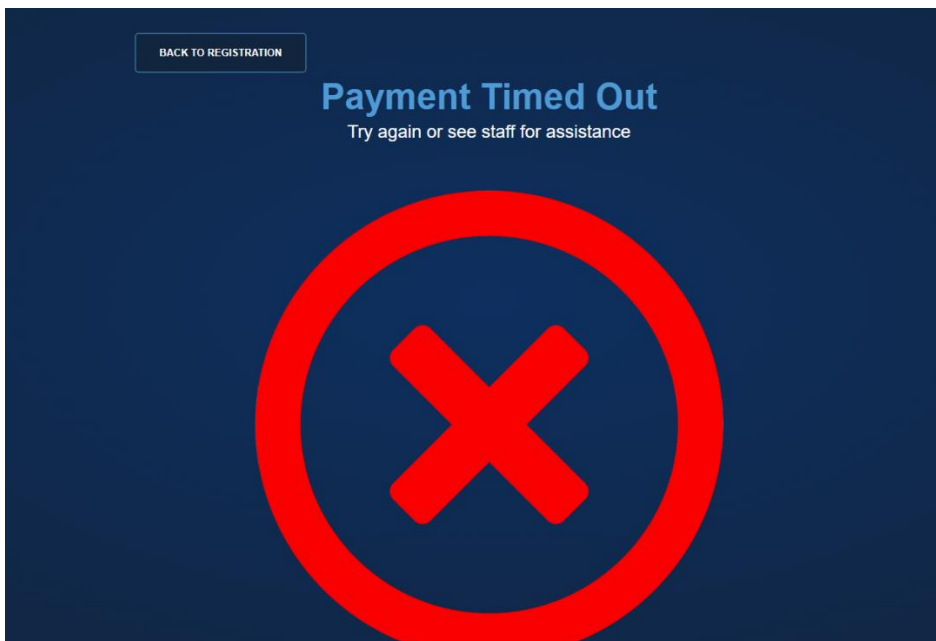

If there are multiple competitions for the day, select the competition you want to register for (eg. Ladies Wed. 9 hole and 18 hole competitions).

Touch/Click on the REGISTER button as indicated by the arrow. Tap your card (or NFC phone payment) and wait for confirmation of payment.

If your Tap payment has not been successfully detected within 30 seconds, the payment will time out. The following screen will appear. Click on the BACK TO REGISTRATION button to try again.

Members will **NOT** be able to register for a competition without tapping successfully for payment. Any member can Tap and Pay for another member so if you do not have a card, register with your buddy and pay him/her the \$3.

The Committee.
